Comments

“ I met Regina at the Department of Human Services and we became friends. We had similar thoughts and behaviors. We later discovered that we went to the same church, Hartford Memorial Baptist Church. After Regina retired, I enjoyed bumping into her at church and actually looked for her at the revivals, as I knew she would be there. Regina and I shared short conversations at Hartford and the last time I seen and spoke to her was at Charles Gilchrist Adams Birthday celebration in December, 2019. I never thought this would be our last conversation. I was so shocked when I seen her name on the deceased in the Hartford bulletin. Regina was very loving, a truly wonderful person. I sooo enjoyed seeing her with her grandchildren, she loved her grandchildren and children. I will really miss Regina and my heart and prayers go out to her children and grandchildren.

“ I have known Regina for as long as I can remember. We met in elementary school many years ago. She and I along with Brenda Parker and several others use to walk to Durfee middle school during our time there. Regina was a treasured friend that I will greatly miss. We talked after church every Sunday we were in attendance. I last talked to her on the second Sunday in March. Rest well my dear friend until we meet again. I still can't believe this is real. Mya and Darren, you have my heartfelt condolences.

“ I had the pleasure of meeting Regina when I was 12 years old and mothers played bridge together twice a month. Her sister Ronnie and I were good friends and because of that I spent many hours at their family home. The Wilkerson's had a warm and inviting home and you could tell there was a lot of love in that house. I have a fond memory of Ronnie and I going to Michigan State for a little sisters weekend. I'm an only child I was envious of Ronnie for having a big sister and brother. Regina would often give us big sister advice. I also enjoyed our conversations after church in the fellowship hall and watching her interact with her children at the Agape house. Regina continue to give me advice even as an adult her social work skills help me navigate adopting my daughter her advice was valuable. I always thought of Gina as being a very calm person. Her calmness he'll bring me off the wall when I was going up against a roadblock with the adoption. I'm sending my prayers to her children and her grandchildren and the rest of her family I know your faith will help you get through this time.

“ May the Soul of Regina Lynn Vaughn rest in peace. I grew up with Regina on Virginia Park. She was a very special play mate in my life. Our children Chris and Maya have us two extraordinary grandchildren Christopher and Micah. I will miss grandpa renting with Regina. Regina was an extraordinary grandma with a loving heart. May Soul of Regina rest in peacefully in Heaven. God bless.

Phyllis Rogers - April 12, 2020 at 03:06 PM

“ Regina and I met through our employment as social workers with the State of Michigan. I will certainly miss our weekly chats in the hallway of Hartford Memorial Baptist Church. She always had a warm smile and an enthusiastic greeting each time we met. It was apparent that she was a loving grandmother as her grands were always around her at church. My heart breaks for her son and daughter as well as the emptiness the grands must feel at the absence of her physical presence in their lives. Family, please know that your precious memories will keep her alive in your hearts forever. God blend you all.
