“ Uncle Al was a man who showed everyone who came into his path an enormous amount of love and kindness. My heart is heavy right now because I will miss him. He was there for me when I needed him most. My mother has shared with me that it was my Uncle Al who purchased my very first dress. What a blessing that was- he showed me love immediately after I arrived on this earth. Uncle Al I love you deeply and I will carry sweet memories of you in my heart until we meet again. Your loving niece, Ester

“ Uncle Al was a great believer in the family unit. He always made sure that when we visited in Detroit that we felt loved and welcomed. His smile was warm and his laughter was infectious. I have a fond memory of him, my grandfather, and Uncle James (Uncle Pete had passed on) sitting together enjoying a plate of chicken wings and reminiscing about their boyhood. That memory makes my heart smile. Rest well dear uncle, your memory will live in my heart until we meet again. Your Great-niece, Nita.

A true leader, and role model for us and your community. Well always remember you Papa because there will never be another one to replace you in our hearts, and the love we will always for you.

“ Uncle Leonard, I will truly miss you. I remember you pushing your way to Arkansas, un-beknowing to your family in Detroit. You made your way to Stuttgart, Ark. You made your way to cousin Josephine's house , you made your way to your niece, Clevie's house and you made your way to Little Rock to see Freddie Lee. In my book, you are a strong and courageous man. I will forever keep you in my mind and heart. Uncle Leonard. , Resting In Paradise.

“ *Dad this has been a great ride and I want to thank you for the memories. From the time I took you and Lance to the million man march to the trip on the cruise when Elaine and I got married I was being prepared to take care of you. The last few years we spent a lot time together, as your condition made you weaker it was surprisingly making me stronger because you needed me. Daddy we all are gonna miss you! From your son, daughter in law to your grand children and great grand daughters. Love you papa!*

“ Pops I’m going to miss you everyday that I’m here on this earth. I am forever grateful for all of our journeys together. You were my real life Superhero. I watched you do so many things and you never gave up on the end result which was to have your task complete. I feel lost even though I know your with me. I was so fortunate to be able to have a grandfather like you in my life for 34yrs. Every time I asked you to stay strong for me you did. So once I saw that you were getting tired I didn’t ask you anymore because that would’ve been selfish of me. You are my MVP on earth as well in heaven! I love you man & keep rooting cause I’m going to keep making you smile. R.I.H. now champ everything you were placed here on earth to do is complete. ❤️🕊️👑🍷🥳🏆🏆

Love you a bunches,

LadyLo💋
