“ I just can't find the words to express my feelings losing Anthony. I was close friends with his mother when he was growing up. We had lots of outings & activities that we did together. We would spend time at each others home. His passing is just heart breaking. I can imagine how his mother would feel concerning his death & leaving his family behind. I pray that God gives us the peace and understanding needed in accepting his death and the strength to live on without him! Joyce Louie

“ Still trying to find the words to describe what an impact you have made as a husband, father, son, brother, and friend. You were a great man (even when you gave me grief as only you could). Everything you sought to instill in Toni since the day she was born you have succeeded in spades, for she IS her father's child! Rest well my brother and know we got your girls always 💙
