

Delores Rowe

July 28, 1943 - January 5, 2022

Delores was born on the beautiful sunshine island of Jamaica. She emigrated to the United States of America in 2009 to live with her daughter Sonia. Delores passed away on January 5, 2022 of complications from open heart surgery. She was 78 years old.

Mama as Delores was fondly called by her children, grandchildren and many others who were close to her had a very agreeable and compassionate spirit. She was the kind of mother every child would have wanted. She provided a lot of love and support for her family, her friends and even strangers alike.

As a young single mother Mama Delores worked tirelessly to provide for her five children. Her hard work paid off. She always boasted about her children graduating from High School and College as professionals.

Delores is survived by her four daughters, five grandchildren, and two great grandchildren. Her loving and caring spirit will be honored in a Celebration of Life Ceremony, then laid to rest in her hometown cemetery in St. Elizabeth, Jamaica. It is an understatement to say she will be greatly missed.
