“ Had the pleasure of knowing Gloria during her tenure with U.S. Army Audit Agency. What a beautiful spirit and soul, her smile was infectious. Gloria was a dreamer and was a jack of all trades, always on a quest for a new adventure. And if you knew Gloria, you knew her boys were her life, she loved them dearly. She will be greatly missed, my condolences to the family 🙏🙏🙏

“ I had the honor of serving with Gloria at our first duty station, DFAS-Japan. I didn't know how to take her at first because she was not about the silliness. Once I got past the shell, I was blessed with what would soon to beome a lifetime friend and sista. She was focused, smart, creative, extremely talented and even then, fought to not be placed in a box! I Love(d), adored and admired her then and throughout our lives. I'm glad we were able to remain in touch over the years and am now deeply saddened by the news of her passing. "Goki" was a light in this world. She cared and loved deeply for her family, loved ones and community. I'll always carry loving memories of her with me. I hope that I'm able to provide a window of those memories for her family to cherish, as I will forever. To the immediate family, please accept my condolences 🌸

“ I had the pleasure of calling Gloria my coworker and my very dear friend. In every conversation, she carried a wealth of knowledge and had a warm, welcoming spirit about her. She was always so positive and encouraging, no matter the circumstance. We shared many similar life experiences, which made it easy to confide in one another — whether we were facing challenges or celebrating accomplishments. Through it all, Gloria was always resilient. One question she often posed to me has continued to enlighten my life: “What is the value added?” In everything she did, Gloria added value. And even now, in the pain of losing her, I will forever hold on to the greatest value she gave me — her friendship. I love and miss you my friend.
