“ *My great aunt Frances was always my favorite. As a kid I knew when she came over I was going to hear a good story and somebody was getting cussed out. She was going to love and check you at the same time. She was the true matriarch of our family and the history keeper. I knew that her version of the story was always the real one lol She will be missed but I have so many memories to hold on to.*

“ *Mama, you lived a full life. I'm so thankful for the memories, the love, support and guidance. People say you told it like it was. I say you wore your feelings on your sleeves. You had away of making life grand and you always wanted the best for your family. You didn't just tell us, you showed us. We never went without anything that we wanted or needed. You said you wanted to provide for us while you were alive, and you did. I'm so thankful and appreciative of the way you showed up for me and my girls. You attended every performance, graduation, recital and celebration. You raised us with style and Grace. I'm not sure what life will be like without your physical presence but I do know that your love for me was unwavering. You taught me so much and for that I will forever be grateful. I hope all the stories we hear about the afterlife are true because that's what makes me understand why God chose you. Forever in my heart you'll be. I love you Mama.*

“ Jewel was the kind of person who spoke her mind. If someone said something wrong she would step to them with the quickness! You will be miss!
