“ Hunt “D”, aka *The Enforcer*, from the first time you, Karl, and Muhammad came by my home to do the investigation for me to become a member of Unity Lodge No.28, I knew a friendship was brewing! Throughout the years we have been through a lot and we were there for each other. There hasn't been a day that we haven't talked to each other and laughed and joked with each other, I am truly going to miss that! I still have the texts before and when you went into the hospital. I also have the voicemails where you left “Big Wally” and that laugh, I'm try to turn them into ringtones so I can hear your voice! Rest well my friend, you have been through a lot. Do me a favor, drop in on us from time to time and send us a signal! Love ya man! “Big Wally”!
