“ Check out the video titled "The City of Gold" with Draetown and Lawson (Lee is Lawson). It's Lee's love letter to his beloved city of Detroit. The Detroit City Council awarded him and Andre with a 'Spirit of Detroit " . Lee spotlighted his alma mater Cass Tech High School and it's football team which he was a part of and so many other Detroit landmarks. He definitely left us too soon, but he did so much while he was here. And I thank God for allowing me the honor of being the vessel to bring him into this world with love and to send him back, although reluctant, to his forever home with our Father God. 🙏❤️

*Mrs. Cobb, you and your family have my deepest sympathy on the loss of your loved one. No words can resonate to take away the depth of how you are feeling. Nevertheless, you shall remain in my prayers day to day, as you determine to carry on with life and function in the face of such difficulties. I am believing for you and for our community, that God will work it out in favor of you and your family and children and grandchildren. I know that He is a friend Who sticks closer than a brother. “ My most vivid memory of Lee Haven was the summer my girls and I spent time with Lois and family at Belle Isle. Lee had such a big infectious smile and gentle spirit- ever the entrepreneur with big plans and a way to get there. He was my Godson and I pray that God wraps him in his loving arms as he takes flight to the eternal kingdom . Stay strong and courageous Maloney family for I am with you always, says the Lord.
