“ Leila was one of the first people I met when I came to work at Beaumont Hospital Royal Oak in 2018. She made a point to introduce herself and make me feel so welcomed. Every time we saw each other after that first day she always greeted me with her warm beautiful smile and a happy hello. The days when Leila was not at work often felt like days without sunshine. It was obvious to me how much Leila loved being a Midwife and how much she cared for every patient that she came into contact with. In addition to a shared love for medicine, we shared a love for music and we often spoke of and shared books about the incredible music of Detroit. I will think of her each time I come to the hospital and remember how many lives she touched, and of the lives that she improved with her loving care. I am grateful to have had her as my friend.
