“ Such an amazing woman. She taught me so much. I remember when I first became ill she was the first person to introduce me to all natural medicine and how to take care of myself the natural way. I will miss our cups of peppermint tea and all the conversations.

“ *For over forty years our second home was on Whitcomb St. We felt
this way because of the outpouring of love we received from mom
every time we visited.
Her laughter was infectious, her jokes legendary but most of all she
had a heart of gold. We will always remember and treasure the
wonderful times we had together. May her soul rest in eternal
peace.*

*To Nancy and family, Mirna and family, Frankie and family our
thoughts and prayers are with you.*

*To Nancy, Mirna, Clem and other family members Bernice, myself and
all our children extend our love and sincerest sympathy at this time. I
know this pain will last a very long time. But if there is anything to help
soothe this pain, it will be the cherished love and memory that your
mom has left you all. I met your mom and a few other family members
sometime during the mid seventies. Oh, I remember her joy and
laughter and hospitality that came along with the cuban delicacies
accompanied with the quenching beverages. We are so sorry that we
cannot be there, but as we viewed this service, we felt that our virtual
participation was invaluable. Remember my brothers and sisters your
mom's journey has now started towards everlasting peace. A brighter
light should shine in your hearts, whenever her memory revisit you.*

She lived a wonderful life! Let's continue on knowing that her spirit watches over all of us. God's richest blessings!*

My deepest condolences to the entire family. Your mom made a significant impact on my life. Because when I was in high school, my disability began, which made it difficult to climb steps. Your mom would pick me up from school every day, and take me home. Her help allowed me to finish my education. I will remember her fondly. Rest in Peace

Mirella was a sweet sole, a great mother. She had an easy way about her that said, don't worry be happy. She connected with all who surrounded her in a very unique and real way. Several times during my youth she found away to sit and counsel me, in ways that mark a different in my life toda. The sun is shining in her face once again, as she enter the next phase of the journey. There too she will be there to receive us and illuminate our as we continue to continue.

Good Bless and keep Nancy/Clement, Frank, Mirna/Carter and the grandchildren and great grand children. First you were 4, and then you grew and bloomed into the beautiful flower that Mirella left to for you all to cherish.
