“ Pam and I worked together the past 4 1/2 years in the same branch of CNS Healthcare. She started as my supervisor and helped me ascend to the rank of supervisor along side of her. She is one of the most caring, honest and nurturing people I have ever met. She was a mentor to me as well as many others and always gave us advice on how to be our very best. I along with the rest of CNS Healthcare are going to miss her enthusiasm, wisdom and professionalism. I will never forget you Pam. My condolences to her beloved mother, family and friends. “ Pam Miller one of my finest team “C” members. She was special to each of us in her private and special way. It was so devastating to hear the news that she passed but I will cherish her loving memories: the relationship we shared, the laughs we shared, the private talks we shared and I thank her for always having my back and being a honest team member. I agree, God doesn't make mistakes and I'm sad to have lost a precious friend but God has just added another jewel to his kingdom. Rest in peace my friend. I will miss being able to call you but I will never forget you. My condolences to her mother and entire family..... We worked together at Community Network Services.
