“ I have worked with Pat my entire nursing career (19 years) . I was just as green as they come when I started working at Sinai Grace and then I came to DNW. She has been the most calm and collected Nurse I have ever known. Pat was always willing to lend a hand. She would always in turn say to me "ain't no thang". There will never me another nurse, friend, co-worker to compare to her love, compassion and sincerity that she showed every single day. I had a hand it not letting her fully retire. I was on her phone one week later asking her to be contingent and of course she said yes..... That was our Pat. I will miss her dearly.

“ Pat was always such a cheerful person. She helped me through respiratory school. She always talked about her son Deartis, somewhere along the way we lost touch, but I will always remember her as she was the last time we saw each other. My prayers are with her son, her mother and other family and friends. May she rest in peace.

To The Family, Thank you for sharing such a Gem with us. I am so Blessed to have cross paths with Pat many years ago when we worked together at Sinai- Grace Hospital and later we continued working together at HF-DNW. I am so Grateful how our Friendship had blossomed and how we bonded. I will miss hearing her referring to me affectionately as, my girl! She would always say to me at the Hospital, Thank you for covering for me when she needed to go on break and I got your back I enjoyed how she loved to talk about her Grandbabies, Son & Mother. They all & Family was her Heart. Still she had a special place left to share with all. Thank God for the Memories! I Will forever remember all our Good times and many late night conversations and laughs we shared. I truly will miss such a True, Genuine Friend and Wonderful Person. May she now Rest In Peace after all the Work and Lives she has so graciously touched! Love you Pat! Thank you for all you have done!

As you have always called me, Your Girl & Buddy

“ Pat was part of a stellar team affectionately called the "4 Ps", Pat, Pam, Paz and Pillai. As a group of RNs for HFHS, we made sure the patients needs were met, team members were supported and the providers were able to provide quality care for the patients we served. We made it look easy, in part, because of the strengths each of us brought to that team. When situations called for it we seamlessly traded off tasks and patients to get the job done. Pat's strengths she brought to the team was her emergency room experience and venipuncture skills, she could get blood from a turnip. No vein was a match for Pat, no matter how small, sclerosed or mobile. I could not have asked for a better colleague. Pat was also a friend. You can't work with someone that closely for 20 years and not develop a deep and lasting friendship. Pat was smart, intuitive and made the best peach cobbler in the world, hands down! Pat always thought of others before herself. I loved Pat deeply and will miss her smile, compassion and calm demeanor she brought to the team. I am grateful to have had Pat as a friend and colleague. I will miss her dearly.

“Ma Pat” was quiet and observant, and I have two memories to share. She hung with us at our Richards Reunion in Detroit playing fun card and word games, enjoying excellent food, and touring the Wright Museum and other special places! Recently my mom visited with Kim, Ardis, Keziah and Ma Pat. She spoiled my mom with attention and a sassy hairdo. We pray for her “babies” to be comforted and want you to know that you can call on us.

So sorry to hear, we were high school buddies back in the day. I was at the clinic today and I was hoping to see her. She went on to be a respiratory therapist and I went to Nursing school. When I saw her again she had become a Nurse. I saw her at the clinic not to long ago, and I was teasing her and told her she can't make all the money and when was she planning on retiring. She told me is was easy money and part-time. She will be greatly missed.

I met Pat in 2010 when I came to DNW. She was one of the people who made me feel welcomed in a new setting. Over the years we enjoyed talking about family, movies, casino trips and of course the job. Pat was one of the most caring and compassionate Nurses I've known. She would always go the extra mile for her patients as if they were her own family. She will be so missed. RIP dear Pat and comfort and peace to your family.
