“ To the Rudolph Family:

What a Lovely and Talented "Pearl of a Woman". When I was growing up in my earlier years, I admired Mrs. Rudolph and the exquisite role modeling she offered to our neighborhood. Our family worked hard to keep up with her landscaping skills on Iroquois street. We observed her actions with her own family and learned to value education, communication and her famous words "You Can Do Better". She loved all who crossed her path and offered much wisdom and support for self improvement. As the years passed, Mrs. Rudolph was especially influential in seeing that all of the children in our family become involved and enjoy the finer activities in the Detroit community.

In addition, her impressive role as an Alpha Kappa Alpha woman solidified her special talent as a "Pearl of a Woman". I am forever grateful for all of the role modeling and mentoring provided by Dr. Pearlye Rudolph. May she Rest In Peace.

Sincerely,

Lillie P. Leverett & The Pettway Family

Soror, I have numerous fond memories of you that I will always cherish. Your commitment and investment in Youth Fashions for Freedom, your arms around my son as you embraced him with your own grands during numerous YFFF. You even imprinted on my husband during Rose Ball one year as you directed the photos for the chronicle. My most cherish memories are when we would meet up at the DPS curriculum lab and I would feel as if you had tethered me... I'd come to complete something for my classroom with the hope of being a short time. You'd quickly engage me and give me my assignment from you... We'd laugh, my originally scheduled 1/2 hr. easily turned into an hour, if not two...But I loved helping you...You were always kind. I'd leave out the "J" to tease and substitute another initial but you were pretty serious about that...Thank you for your numerous years of service and your family legacy of AKA's. The indelible mark you left will keep your flame burning...Rest in His merciful arms, Gone but never forgotten...

Thank you Soror DeLisle, one of my fondest memories was also at the DPS curriculum lab. As a child I'd look forward to the end of the summer when we'd go to get materials together for her classroom. She took great pride in setting t bff e right environment for her students to flourish in. 😊
