“ My dear cousin/brother we were first cousins two sisters kids but raised more like siblings being the only real family we had here in Detroit. Both of our mom’s came to Michigan and we left hundreds of family back home.

We had a ball growing up and many ventures in Alabama playing in the woods like it was a park. Not worried about a snakes, alligators or anything else we were young and innocent and explored without fear. We never thought about fear.

We all became believers and gave our lives to the Lord and I’m so thankful that we did because although my heart is truly broken and I will miss my Mother’s Day and bury by text and our occasional conversations.

Most of all I will miss hearing your voice and seeing your smile. Man you were one of the sweetest man I know you remind me of our Grand daddy you were a hard working always working and always providing for your family.

I honor you today and will never forget you and the good times. I love you dearly but they say God takes the best ones for himself. Well now I believe it and I get it because you are truly a gem.

On the other day you took another venture that you took without but I’m sure as when we were children you passed through death to life eternal to be with Jesus. He said he was preparing a place for us and that he would come again and receive in unto himself that where he is there we may be also. I can take comfort in the fact that you are with Jesus.

Love you babe and I will truly miss you. Your first cousin Lisa
