Worked with Roger at Frank Murphy and 36 D Court in the MID 90s. We used to listen to wdet and would both imitate Ed Love to each other. "Hi I'm Ed Love" Me and Roger Connected. I wish I hadn't just let him go as a friend. Tried to connect once or twice? But it didn't work put. Love you Roger "00" as In8 named him . Daniel Levitt Troy,MI. I know he had a wife named Rose. Condolences to his family Had a great laugh and a warm spirit

“ The Green Family sends our deepest sympathy and condolences to ‘Ness and the Moore family.

Roger “Bo Dodger” Moore, my Brotha. Although I had 4 biological brothers of my own, Roger was like a member of the family and another brother to me growing up. Many was the days that we shot hoops until dark or listened to music in the Moore den. I still have visions of Rog’s killer crossover on Ames playground and his court vision finding me cutting for a soft jumper. He will be sorely missed. Even though it’s been years since we listened to old Motown tunes together, we still found opportunities to talk about the “old days” and we never lost sight of the importance of our lifelong friendship.

I love you Rog. I know you are in a better place with no pain, great music, surrounded by family and friends and your perfect finger roll. Your sister for life, ‘Nita.
