“ I met Roy when I was 20 years old. He protected me thru the dumb stupid years. He was kind, teaching, and always there to guide in the right direction. He called when my husband passed to give his condolences. What a surprise. I just found out of his passing. To his family may the grace of God continue to wrap his arms around you.

With much love

“ I remember the days Roy would drive about 10 of us to Mumford High School in his yellow convertible. I also remember and will miss the more recent “loud” debates we had about politics.

“ My Uncle was a strong person in which everybody needs in their family. We really have gotten close over the last 6 years in being in business together. I owe a lot of my success to him for where I am, not just being a successful businessman, but a better father, husband, son, brother and friend. Until we see each other again, I will continue to be the best human being that I can be.

Uncle Roy taught me to think like an entrepreneur. Although, I still have a job, no matter how much I am ever paid, because of Roy, I know that should never be a person's end goal.
Rest in Power.

My deepest condolences go out to Kendra and Roy's family, Roy was the kind of man every time I was around him I learned something, he was kind, generous and patient. I learned so much working with him that I still carry with me. He had a gift to see the truth about life. He will be missed. I hope you all can find comfort in the lovely memories of this remarkable man! And a good brother in the gospel!
