“ My dear sister, friend, role model, I have so many memories of you calling me to bring you stockings to go out (another one on our family hustles) and us just talking and vibing on boys and dating and you teaching me so many secrets on beauty and dressing. Those days of us vibing as you got ready to go out installed a lot of advise that I will cherish. Only you and I know our conversations as teena and every time I seen you as an adult we would giggle about those days. You have always been a dear sweet soul in my life closer to me than my own flesh n blood sisters. I love u forever my friend and hate that you have left this earth. I know your spirit will continue to remain here. I know you are at peace with our ancestors give everyone a hug and kiss. Will miss u Sister

I just found out some 9 days ago, January 10th, 2025,. My name is Donald Rico Alexander from Detroit. I seriously and sincerely loved Sherry from the bottom of my heart. I'm so heart broken, even though I hadn't seen her since 1992., because of personal issues. No one so young should be taken from us, but the Lord knows best.
