“ To those who love her, "she is still very near. She lives in an impenetrable sanctuary within your soul. Each time you feel a gentle breeze, it's her hand caressing your face. Each time the wind blows, it carries her voice whispering your name. When you feel a few raindrops fall on your face, it's her placing soft kisses. At night look up in the sky and see the stars shining so brightly. Perhaps, she is one of those stars winking at you and smiling with delight telling you it's okay. Speak of her. Celebrate her. Live in thankfulness that she was."
