“ *I had the pleasure of knowing Dr. Reed from working at Botsford Hospital. She was kind, understanding, and listened to what I would tell her about her patients. She would then go and then go and talk with them, treating them with respect and understanding. She was a wonderful person to know. She will be greatly missed.*

“ *My condolences to the family of Dr. Sonnara Johnson-Reed. She was a great doctor and person She met so much to my family. The loved she showed her patients was phenomenal. She was a doctor that told you the hard truth only the way she could. I could call her anytime just to talk no doctor would give you her personal cell number. But Dr. Reed was different she truly care for each and everyone of her patients. She will be truly missed. Love you always Dr. Reed*

“ *I met Dr Johnson Reed while working at Botsford on 5 North. When she would come on the unit, she always had a smile that radiated to everyone and sooner or later she would say something that would have you laughing. I respected her as a doctor, for the way she interacted with her patients and for the relationships she developed with us nurses. May you find comfort in your memories and feel the blessings of her and the years you shared together. Prayers to her family and friends, may God hold you close. Debbie Miracle RN*

“ I had the pleasure to meet Dr Johnson Reed by working with her on 5 south at Botsford Hospital. No words can express how sorry I am after I heard of the passing of Dr Johnson Reed. Every time she came on the floor she was always smiling and shining like a star and respectful to all her patients and staff. We will all miss her very much. She was a great example to all of us who worked with her and she set a standard of professionalism and kindness. She was truly an angel from heaven. May God give strength and courage to Dr Johnson Reed family. We will all meet again someday. God grant us grace as we wait on the great reunion.

“ *Sonnora was a beautiful person with a beautiful spirit, and I will miss her greatly, along with a horde of friends and family members. She was my cerebral friend, with whom I felt a lot of peace when we were together. I will miss our rides to golf courses for our Saturday tee times for Tee-Set Golf Club play and playing with you and Ernie. I recently read a beautiful piece about "The Dash ("-") inserted between Birth and Death (12/8/1949 - 1/19/2024) that represents the time we spend alive on earth and what that little line is worth. For you, my friend, that little line is worth more than can be revealed in a written tribute to you. May God bless Ernie, their sons and the entire Johnson and Reed family. We will miss you.*

“ Sonnora and I met as residents and later we were able to be staff members at was Botsford and then Beaumont Farmington Hills Hospital. It was always an honor to be asked to be a GI consultant on her patients. Her care, dedication and thoughtful approach to her patients made it easy to understand why people loved her. Sonnora's smile and laugh could make anyone feel better. This wonderful physician, wife, mother, and friend will be missed by all of us.
My thoughts and prayers are with her family.

“ I had the pleasure of working with Dr Reed Johnson for many years at Beaumont Hospital. She was an excellent physician. She knew her patients very well. She did not a chart to review; she just knew her patients. She always responded to the nurses' concerns and/or questions. She was the perfect physician. I am so sad to hear this news. She will be missed. I know she already has her place reserved in Heaven.

“ Dr. Reed was an amazing doctor and a friend. I worked with Dr. Reed at Botsford/Beaumont Hospital. She had a heart to service and help people. She cared for my mother for many until retiring. She kept in touch with me after I relocated to Colorado in 2021. She was one of my biggest cheerleader while I was completing my PhD in Psychology. My last text and conversation with her was on Christmas Day. She will be missed, and may she continue her rejoicing in her beautiful resting place in heaven. Dr. Augustina Frazier
