“ Carl, where do I begin... my first memory of you as children you walked up to me and said hey, I'm your big cousin Carl, and the journey began. Even though most of my whippings I got were because you snitched on me during our summer vacation stays with you all. The fun and laughter with you outweighed it all. You brought life to all family gatherings and you knew how to diffuse problems. You always kept grandma on edge because of your adventurous side. You were filled with love and you spread it to us all. I know God has a plan. I guess you get to go heavenly fishing with the entire crew now. Kiss Grandmother for me. Y'all watch over us until we get to join you. I love you Big Cuz Carl and I'm going to miss you so much. Thank you for the joyous, loving, and adventurous ride!!! Family4life

“ If I'd known my last time speaking with you would be the week before last, I'd have talked to you a lot longer. You'd always talk about how ashy my feet were. So, guess what?? To send a smile up to heaven, I pedicured yesterday. Got all the skin off and moisturized them with some thick lotion like you recommended. To my surprise this morning, they were as soft as you promised they'd be.

I love you, and give Grams a big hug and kiss for me. I know she's excited to have a fishing partner. But just know, even though she enjoyed driving fast, she ain't getting on a bike! Love always, Your cousin, Victoria W.
