“ To The Family of Yul,
I did not have an opportunity to know Yul like I wanted too. In my interactions with him, he was always humble and grateful for his family and life. It was a pleasure to have an opportunity to meet the women he loved and his son on one occasion.
I would describe him as respectful, caring and most of all true to his family values.
You will be missed and I wish we had more time to kindle our friendship. God as called you home as your work is completed here.
God bless your Family during this difficult time.
